

Seachem Flourish Nitrogen 100ml

Availability: 2

Price: R171.00

Short Description

100ml nitrogen supplement for planted aquariums. Concentrated 15,000mg/L blend; use according to plant needs and manufacturer directions.

Description

Seachem Flourish Nitrogen 100ml is a concentrated nitrogen supplement for planted aquariums. It is intended for systems where plants need additional nitrogen, not as a routine addition to every tank.

Product details

- **Bottle size:** 100ml.
- **Nutrient:** nitrogen.
- **Product concentration:** 15,000mg/L blend of nitrogen sources.

Targeted plant nutrition

Nitrogen is one of the NPK macronutrients. This supplement allows it to be added according to the aquarium's needs alongside an appropriate overall nutrient plan.

Before dosing

Check your aquarium's requirements and follow the bottle directions. Read [Seachem's Nitrogen guide](#) for dosing and measurement guidance.

[Ask Wazeer's Aquariums](#) for product-selection advice.
