Seachem Flourish Potassium 100ml

Availability: 2

Price: R171.00

Short Description
100ml potassium supplement for planted aquariums. Potassium-sulfate formula without nitrate or phosphate; follow the directions on your bottle.

Description
Seachem Flourish Potassium 100ml supplies potassium for planted aquariums without adding nitrate or phosphate. It uses potassium sulfate as its nutrient source.

Product details

- **Bottle size:** 100ml.
- **Nutrient:** potassium.
- **Source:** potassium sulfate.
- **Formula:** free from nitrate and phosphate.

Adjust potassium independently

This supplement allows you to address potassium needs separately from nitrogen and phosphorus. Consider your existing supplements and aquarium requirements when planning additions.

Dosing guidance

Follow the instructions on your bottle. Visit Seachem's Potassium guide for current product information and dosing guidance.

Ask Wazeer's Aquariums for help choosing plant supplements.
