Thrive Coral Thread

Availability: Out Of Stock
Call for Price: 011 826 5887

Short Description

Secure soft coral fragments to plugs. 18 threads and 1 needle.

Description

Not every coral can be glued down.
Many soft coral produce mucus in response to coral gouges rendering the glue useless. Coral thread is made especially for these types of coral. Coral thread is fortified with vitamin and ammonia acid for your corals recovery and vitality.
