Description

Wazeer's Aquariums is the only retailer in South Africa that stocks Azoo.

Features

Specially formulated for the best care of tropical fish.

Perfect protection mechanisms for fish.

Instantly eliminates ammonia, chloramines, residual chlorine, heavy metals and other toxic substances in the aquarium.

Contains a variety of natural beneficial ingredients and almond leaf extract that significantly enhances it's antibacterial capabilities.

Can stimulate a natural water environmental that allows the fish to adapt quickly and to grow with a natural look.

Provides ph equilibrium mechanisms which can effectively reduce the fluctuations of pH values when changing the water to enhance stability.

A unique antibacterial mechanism that can strengthen the fish's body and gills. Effectively protecting their wounds from infection and help recovery.

Rich in B vitamins to boost their immune system and metabolism, helping the fish stay in good shape and promoting their healthly growth.
