

Black Airline Tubing/Air Pipe 4mm

Availability: 100

Price: R15.00

Short Description

Black, flexible silicone aquarium airline tubing in the listed 4mm size. Sold per metre for use with compatible air pumps and air stones.

Description

Black 4mm aquarium airline tubing provides an air line between compatible air pumps and air stones. The flexible silicone tubing is sold per metre, allowing you to plan the length needed for your setup.

Product details

- **Colour:** black.
- **Material:** flexible silicone.
- **Listed size:** 4mm.
- **Sold by length:** per metre.
- **Use:** aquarium air pumps and air stones.

Plan your airline setup

Measure the route from your air pump to the air stone and check the size of your equipment connections before ordering. Confirm the required fitting dimensions if you are replacing an existing airline.
