Description

The Dolphin Scrubber with Pad/Sponge MC-107, the ultimate cleaning companion for all your aquarium needs. Exclusively brought to you by the well-renowned brand, Dophin, this innovative cleaning equipment is designed to keep your aquarium pristine and your aquatic pets happy. The Dophin Scrubber MC-107 effortlessly removes dirt, algae, and other stubborn contaminants from the glass walls of your aquarium. With its ergonomic design and easy-to-grip handle, cleaning becomes a hassle-free and enjoyable experience.

The included pad ensures gentle yet effective scrubbing without leaving any scratches on the glass.

Whether you have a small fish tank or a large aquarium, the Dolphin Scrubber is adjustable. Regular cleaning prevents harmful algae growth and maintains optimal water conditions, contributing to the overall well-being of your precious aquatic life.
