Red Sea ReefWave 25 Wavemaker Pumps

Availability: 1

Price: R6,160.00

Description

Based on patented, cross-flow technology, ReefWave 25/45 smart pumps are nearly silent, smart, powerful and easy to maintain.

They provide an optimal REEF-SPEC water flow for corals in a wide range of reefscapes, regardless of their position in your aquarium.

The combination of an advanced, smooth running and energy efficient sine-wave motor drive, with superior vibration damping mounts and dual bearings on all models, make ReefWave a nearly silent pulsing wave pump.

You can control each ReefWave pump locally through its own dedic ated controller or remotely via the built-in Wi-Fi that connects easily to Red Sea’s ReefBeat app.

Cross-flow technology wave pump for a gentle, evenly distributed flow.

Silent and energy efficient Sine-Wave DC control motor.

5 programmable wave patterns with unique Forward/Reverse/Alternating flow modes.

Easy assembly/disassembly for maintenance.

Dedicated Wi-Fi controller for each pump

Synchronize multiple pumps of different sizes.

ReefBeat App for easy set-up, operation, monitoring and notifications.
