Seachem Acid Buffer 70g

Availability: 2

Price: R151.00

Short Description

Adjusts pH to 5.0—8.0 Converts alkalinity [KH] to CO2 Contains no phosphate. pH Down. 70g

Description

Seachem Acid Buffer is a non–phosphate buffer to lower pH and buffer with Seachem Alkaline Buffer. Both buffers are designed for the planted aquarium or for very hard water where phosphate buffers may pose an algae or cloudiness problem. Seachem Acid Buffer lowers pH and buffers between 6.0 and 8.0 when used with Seachem Alkaline Buffer. As Seachem Acid Buffer lowers pH it converts carbonate alkalinity (KH) into available CO2.

Size - 70g
