Ista Algae Remover 500ml

Availability: 1

Price: R280.00

Description

Ista Algae Remover effectively removes and prevents algae growth such as hair algae, beard algae, brown algae, blue-green algae, black brush algae. It is harmless to water plants and fish and does not change water conditions.

Dosage:

Use 5ml per 100 litre of water. Use the cap as the measure scale. The inner cap is 5ml and the outer cap 10ml. For general treatment, use 5ml for every 100L of water. For emergency use, use 10ml for every 100ml of water. Use once daily for a period of 15 days.
