Description
Add harmony and balance to your aquascape with our Yin Yang Stone – a beautifully contrasting natural rock ideal for both freshwater and planted aquariums. Featuring a unique blend of light and dark mineral tones, the Yin Yang Stone symbolizes balance while offering stunning visual contrast in any tank layout. Each piece is naturally formed and one-of-a-kind, perfect for setups, hardscape highlights, or minimalist designs.

Please Note: Ying Yang Stone is sold as a mixed box of assorted pieces. Shapes and sizes vary naturally, and specific sizes or shapes are not guaranteed. We recommend rinsing the rocks thoroughly before placing them in your aquarium.
