Description

Elevate your aquascape or terrarium with Elephant Skin Rock– a naturally textured stone known for its unique ridges and weathered surface. Ideal for creating dramatic aquascaping layouts or adding a rugged, natural touch to reptile habitats. Each piece varies in shape and texture, offering a truly one-of-a-kind aesthetic.

Please Note: Elephant Skin Rock is sold as a mixed box of assorted pieces. Shapes and sizes vary naturally, and specific sizes or shapes are not guaranteed. We recommend rinsing the rocks thoroughly before placing them in your aquarium.
