Availability: 2

Price: R599.00

Description

Seachem Vibrant Sea Marine Salt 6.25kg is a highly concentrated synthetic salt mix formulated specifically for reef and marine aquariums. It provides ideal parameters for fish, corals, and invertebrates, with balanced levels of calcium, magnesium, and alkalinity to promote healthy marine life.

• High-purity blend designed for reef and marine tanks

• Enhanced calcium, magnesium, and alkalinity for coral growth

• Fast-dissolving and phosphate/nitrate-free

• Produces 227L of saltwater

• Suitable for both soft and hard coral systems
