Availability: 2

Price: R988.00

Description
Juwel Automatic EasyFeed Feeder

Simplify feeding with the Juwel Automatic EasyFeed Feeder. Program up to 60 meals and enjoy stress-free fish care.

The JUWEL automatic feeder is the perfect addition to your aquarium. Every JUWEL aquarium is already equipped for the easy assembly of this automatic feeder, making it ready for use immediately.

Allows up to two feed cycles per day to be programmed.

The volume of the feed container is designed for up to 60 feeds.

Incl. batteries.

The JUWEL automatic feeder can be used in any aquarium. Using the right mounting support, it can be fitted particularly simply and quickly to any JUWEL aquarium.

It can be programmed for two feeding cycles a day and allows you to feed your fish at intervals of six hours.

For environments with particularly high humidity, the JUWEL automatic feeder is

designed so that the drum can be ventilated using an ordinary air pump.
