**Description**

Hygger Stainless Steel Aquascaping Tool Kit

Crafted from high-quality stainless steel, these tools are sturdy, rust-resistant, and provide a comfortable grip. The sleek black coating not only gives them a premium look but also adds an extra layer of protection against corrosion.

Ideal for Aquarium Enthusiasts

Perfect for beginners and seasoned aquascapers alike, this toolkit makes planting and maintenance effortless—especially in small to medium-sized aquariums.

Versatile & Functional

Curved Pruning Scissors – Sharp, thick blades for precise trimming of aquatic plants.

Anti-Slip Tweezers (Straight & Curved) – Ideal for planting, adjusting decorations, removing debris, or feeding fish.

Sand Spatula – Helps smooth out substrate and scrape algae for a cleaner tank.

What’s Included:

1 x Curved Scissors (27cm)

1 x Straight Tweezers (27cm

1 x Curved Tweezers (27cm)

1 x Sand Spatula (32cm)

1 x Cleaning Cloth (19cm x 19cm)
