UNS Controsand Bora 3L

Availability: 2

Price: R230.00

Description
Ultum Nature Systems Controsand is a thoughtfully designed line of decorative substrates made for planted aquariums and nature-inspired aquascaping

A fine natural sand containing a mixture of lighter tones that is perfect for highlighting vibrant aquatic plants, tropical livestock and darker layout materials. Bora is ideal for a wide variety of popular aquascaping styles. Its clean, neutral tone enhances the vivid colors of aquatic plants and livestock, making them stand out beautifully.

Controsand is user-friendly and ideal for aquarists of all experience levels. To use, gently rinse the sand to remove fine dust particles, then spread evenly across your aquascape for a naturally refined, sandy foundation.

Approximate Grain Size: 0.4 ~ 0.9 mm
