Nourish your koi with Aqua Master Hi-Growth Koi Food, a premium high-performance formula developed to promote strong bone development, solid body structure, and consistent, healthy growth. Designed for serious koi keepers, this diet delivers concentrated nutrition to support vitality, endurance, and long-term health.

Enriched with high-quality fish meal, spirulina, astaxanthin, and essential vitamins, this formula enhances natural colour while strengthening the immune system.

Large granule feed is suitable for feeding koi larger than 25cm. It takes about 5 minutes for each feeding, please remove the unconsumed feed after feeding.

NOTE: Once opened store package in cool dry area.

For water temperature greater than 77ºF (25ºC), feeding frequency can be increased.

Reduce feeding amounts the day before and after changing the water.
