

Bubble Magus QQ2 Internal Nano Skimmer

Price: R1,280.00

Short Description

Please read the description carefully before purchasing.

Description

Bubble Magus QQ2 Internal Nano Protein Skimmer is perfect for smaller tanks, offering efficient performance in a compact design for AIO and quarantine setups.

Bubble Magus QQ2 Internal Nano Protein Skimmer is designed for efficient protein skimming in smaller aquariums, particularly suitable for All-In-One tanks, quarantine tanks, traveling frag tanks, or holding tanks.

Step into the future of aquarium maintenance with the Bubble Magus QQ2 Internal Protein Skimmer. This highly efficient, compact skimmer is designed with the needs of smaller aquariums and tight spaces in mind. With its powerful performance and unique drop-in design, it's the ideal solution for All-In-One (AIO) tanks, quarantine tanks, traveling frag tanks, or holding tanks.

The QQ2 is more than just a compact skimmer. It operates with a minimum water level requirement of just 4", allowing for maximum flexibility in various aquarium setups. The skimmer features a plastic injected molded body that's durable and built to last.
