

ADA Power Sand Advanced S (2L)

Availability: 10

Price: R595.00

Short Description

Small-granule base substrate for planted aquariums. 2L pack; ADA recommends size S for water depths of 40cm or below.

Description

ADA Power Sand Advanced S (2L) is a base substrate for planted aquariums. Its porous volcanic material provides space for substrate bacteria and nutrients for aquatic plant roots.

At a glance

- **Pack size:** 2 litres.
- **Granule size:** S (small).
- **Water-depth guide:** ADA recommends S for 40cm or below.
- **Purpose:** a nutrient-containing base for a planted-aquarium substrate system.

Choose the right granule size

Choose by water depth, not aquarium length. For deeper setups, compare [Power Sand M 6L](#) (40–60cm) and [Power Sand L 6L](#) (over 60cm).
