C-1000 Dophin Canister Filter

Availability: 2

Price: R2,595.00

Description

The dophin C1000 cannister filter is powerful, streamlined and with a unique in design, this external filter is super quiet.

Please ensure that you first prime the dophin C1000 before switching it on.

The Dophin C1000 Cannister itself must first be filled with water before switching it on.

Do not switch the Dophin C1000 Cannister filter on while it is dry you will burn the head out breaking the filter i.e like ceasing an engine. (Very important)

Multi-functional, easy to set up, clean and maintain, there are baskets in the filter, and the valves can move 360 degrees as needed.

Please ensure that you first prime the Cannister before use, i.e it must first be filled with water. Failure to do so will result in burning the head out.

Includes black bio sponge and filter wool only.

Soft Pipe, Taps, Suckers & In & Out Pipe Included.

Output: 1650 litres per hour

Voltage: 220-240V

Power: 15w
