ADA Power Sand Advanced L (6L)

Availability: 10

Price: R1,355.00

Short Description
Large-granule base substrate for deeper planted aquariums. 6L pack; ADA recommends size L for water depths over 60cm.

Description
ADA Power Sand Advanced L (6L) is the large-granule option for deeper planted aquariums. Its porous volcanic material creates space for substrate bacteria and provides nutrients for aquatic plant roots.

At a glance

- **Pack size:** 6 litres.
- **Granule size:** L (large), with larger granules than size M.
- **Water-depth guide:** ADA recommends L for water depths over 60cm.
- **Purpose:** a nutrient-containing base for a planted-aquarium substrate system.

Is L the right size for your aquarium?

Choose by water depth. For shallower setups, compare Power Sand S 2L (40cm or below) and Power Sand M 6L (40–60cm).
