ADA Power Sand Advanced M (6L)

Availability: 10

Price: R1,355.00

Short Description
Medium-granule base substrate for planted aquariums. 6L pack; ADA recommends size M for water depths of 40–60cm.

Description
ADA Power Sand Advanced M (6L) is a medium-granule base substrate for planted aquariums. Its porous volcanic material supports substrate bacteria and supplies nutrients for aquatic plant roots.

At a glance

- **Pack size:** 6 litres.
- **Granule size:** M (medium).
- **Water-depth guide:** ADA recommends M for 40–60cm.
- **Purpose:** a nutrient-containing base for a planted-aquarium substrate system.

Choose the right granule size

Match the granule size to your aquarium water depth. Compare Power Sand S 2L for 40cm or below, or Power Sand L 6L for over 60cm.
