Dymax Water Surface Skimmer

Availability: 2

Price: R275.00

Description
Dymax Water Surface Skimmer helps to remove sureface oils, dust & protein.

For freshwater and marine aquarium.

Helps improve water circulation.

Helps to prevent algae grow

For all filters up to 1500L/h

Place the unit in the aquarium with the suction-cups. Make sure that the lower part of the float stays within the main cylinder. Attach the flexible hose to the unit and connect the other end to the intake of the filteration system. The amount of water flow from either the surface or bottom of the cylinder is adjusted by the flow control valve.
