

ADA Aqua Soil - Amazonia (3l) ver 2

Availability: 5

Price: R475.00

Short Description

Natural black-soil substrate for planted aquariums. This 3L Amazonia Ver.2 pack includes Amazonia Supplement for additional substrate nutrients.

Description

ADA Amazonia Ver.2 Aqua Soil 3L is a black-soil substrate for planted aquariums. The dark colour creates contrast with aquatic foliage and helps your aquascape stand out.

Product details

- **Pack size:** 3 litres.
- **Product:** Aqua Soil Amazonia Ver.2.
- **Material:** natural black soil.
- **Included:** Amazonia Supplement for additional substrate nutrients.

Planning your planted aquarium

This soil forms part of a planted-aquarium substrate setup. ADA advises placing the appropriate amount of Amazonia Supplement beneath the Amazonia Ver.2 layer; follow the instructions supplied with your pack.

The amount of soil required depends on the aquarium footprint and the depth and slope of your layout. [Ask Wazeer's Aquariums](#) for help planning quantities and choosing suitable substrate products.
