Description

Food Sticks are a complete, nutritionally balanced formulation, developed for top-feeding carnivorous fish whose main diet of live food tends to cause nutritional deficiencies. Using Food Sticks instead of live foods reduces the chance of infection from parasites or bacteria found in most live foods.

FEATURES

- Nutritional Excellence
  - Promotes healthy form
  - Helps reduce fish waste
  - High in stabilized vitamin C to support immune system health.
  - A well balanced combination of nutritious ingredients designed to stimulate appetite
