House Brand Sinking Pellets 1L

Availability: 20

Price: R140.00

Short Description
High protein sinking carnivore pellets. 1L

Description
Specially developed for bottom feeding carnivorous.

Developed after extensive study and analysis of the sense of sight, smell and taste of numerous carnivorous fish. Inclusion of key ingredients that most bottom feeding carnivores devour.

The highly digestible nutrient mix.

Rapidly becomes soft by absorbing water, yet retains its shape.
